Reading Between the Lines

Develop Deep Thinking While Reading in Every Subject!

Today's standards demand students think more deeply about more complex texts and support their thinking with evidence from the text. Consequently, students are expected to deal with and understand authors' ideas, not just the information stated directly in the text. This workshop provides you with simple, concrete activities and engaging structures that guide students to actively interact with texts – making the complex inferential process a habit of mind for all students. *Applicable for all courses that include text content.*

WHERE: Mary MacKillop CCPS, Ballajura Perth

WHEN: Thursday 18th April 2019 8.30am – 3.30pm

COST: \$200.00 includes 6 sets of Question dice

Comments from teachers:

- Extremely informative – provided lots of practical ways to integrate Kagan Structures into the teaching of inferring. Really brings alive the information in reading. Debbie, Primary Teacher, Settlers WA
- Fantastic – especially the 3 types of comprehension. Great practical ideas and structures that encourage thinking and speaking for all learners, especially the reluctant speakers/writers. Sarah, HASS Lead Teacher, Esperance
- Very valuable and applicable for all year groups. Engaging structures, step-by-step instruction for teachers, the most innovative activities for reading I have come across. Brilliant PD. I will be back Koby, Y9-12 English teacher, Bunbury
- A great workshop to get brilliant activities and ideas applicable to all curriculum areas. Very helpful, useful and brilliant. Skye, Year 4 teacher, Perth
- Very informative and engaging structures. Great details in terms of inferring and range of strategies/resources to use. I am very motivated and enthusiastic Kellee, Deputy/Teacher 5&6, Bunbury
- Fantastic content and very interactive, providing teachers with an arsenal of tools to go back to the classroom with. Connecting ideas to utilise in with senior school students. A great PD! Michael, HS English teacher, Bunbury
- So relevant and engaging. Teachers value techniques that are simple and can be put into practice straight away – these fit the bill! Clear what positive impact they will have on student engagement and learning. Ellie, HS English teacher, Bunbury
