

**Learn about & see  
Kagan  
Cooperative Learning  
in action!**

**Friday 31<sup>st</sup> May 2019**

***The Kuluin School***

*Tallow Wood Drive, Kuluin, Queensland 4558*

Visiting teachers will participate in professional learning sessions and then visit the classrooms to see the theory and structures in action. There is also opportunity to choose which classroom and which structure you'd like to see in action. Pick a classroom that will be demonstrating structures using your content. Or pick a Kagan Structure and see it in action with the teachers and students at The Kuluin School. The Kuluin School teachers are masters at Kagan Structures. They will share their wealth of knowledge about their Kagan Cooperative Learning journey.

- See Kagan Structures in action
- Observe classbuilding and teambuilding
- Spice up your existing lessons with new, engaging strategies
- Network with experienced practitioners that "walk the talk, and live the results"

**Participants say:**

- ❖ *What a fantastically successful two days of professional learning we had on Monday and Tuesday! It would have to be, without a shadow of a doubt, the most effective professional learning I have ever done. I felt so inspired it made me want to go back into a classroom!! I don't know about other schools, but there is a real buzz happening here at the moment and all teachers have implemented the strategies and the structures in their classes already. I returned to school yesterday to find classrooms moved around and teams happening!! It was awesome!* Jack B, Principal WA
- ❖ *Everything about the presentation was extremely exciting! The content of this program is very engaging and can be effectively implemented in the classroom. Each aspect is independently designed to promote a variety of instructional practices that will ensure all students will experience success! It's great!* Melissa, K-6 teacher, ACT
- ❖ *Being introduced to Kagan Cooperative Learning and integrating it into my teaching practice has revolutionised everything I do in the classroom. I firmly believe that I am a far more effective teacher than ever before and the enjoyment my students and I experience by using Kagan in the classroom is immeasurable* Peter, HT HSIE, Winner Australian Quality Teachers Award

**Morning Tea & Lunch provided**
