Discover the Secrets of Success for CL in the K-2 Classroom!

Redesigned 4-day Course

Mon 20th – Thurs 23rd April 2020

8.30am - 3.30pm

Mary MacKillop CCPS, Ballajura Perth

The early grades are a critical time in a student's education. Students come to class with vastly different abilities and experiences, and we want them all to experience early success academically and socially. Come learn the best Kagan Structures to engage all your little ones. Learn how to get your budding students to follow directions, how to work in teams, how to share and take turns, how to communicate effectively, how to think critically, and of course, how to master the content and skills to succeed in school. Kagan will give you the structures and adaptations necessary to make cooperative learning a huge hit with your youngsters. Start your little ones on the path to school success by nurturing important social and academic skills. Create a cooperative and caring classroom. Come away with ideas and activities you'll be excited to implement the first day back and every day of school.

I enjoyed the movement to music parts within the course. I like the constant getting up and moving during the course. I learnt many great management tips. I enjoyed sharing with colleagues. I have come away with a bank of ideas for my 4 & 5 year olds.

Laurie, Early Childhood Teacher

I thoroughly enjoyed all the practical examples that can be used tomorrow in my classroom; talking to other teachers to share ideas; understanding Kagan Cooperative Learning in an early childhood environment; and using maths/literacy concepts in the structures

Rob, Prep Teacher

All the information was extremely helpful and appropriate! I love the engagement! I now see how it can work for my Kindy kids! Can't wait to implement!!

Sonya, K Teacher

A great workshop, full of brilliant activities and ideas to use across the curriculum that will definitely engage my Prep students and improve their social skills.

Skye, Prep Teacher

Excellent hands-on activities were well developed in this workshop. This will help my staff at our Day Care centre. Thank you so much!!

Rebekah, Day Care Manager
